

Approval Summary

SkyWash / SkyWipes		
Approval	Approved by:-	Application:-
ABR 9-0140 ABP 8-1294	Airbus	Type 3 Cleaner for the removal of semi cured sealants and general degreasing
TO 1-1-691	US Military Technical Order and applies to All Aircraft operated by the US Air Force calling up this specification	Cleaning and corrosion prevention. Removal of uncured sealants
STM40-500 EMAP No: G32.51 / SkyWash EMAP No: G32.5102 / SkyWipes	Lockheed Martin	Cleaning and corrosion prevention. Removal of uncured sealants
BAEP9053 Paragraph 4.4 BAEP 1001 Paragraph 5 BAEP 1002 Paragraph 5	Raytheon	Neutralising agent for SkyRestore De-greasing agent for surface cleaning
OMAT approval 1/287 SkyWipes 1/287A SkyWash	Rolls Royce	De-greaser and surface cleaning
BAC5725 BSS 7219	Boeing	Stripping organic materials Intergranular attack compliant
Puma Helicopter Structures	Ministry of Defence	Permission to use on Puma Helicopter Structures
AVP 2-024 AVP 2-026	BAE Systems	Swab Degreasing and the removal of wet sealants, grease, oil from metallic and painted surfaces
General Maintenance Topic 1B Chapter 7-00 Fuselage Structure Topic 1C Chapter 15-10	Hawk	Cleaning and corrosion prevention. Removal of uncured sealants
ASTM F519-97	SMI Inc	Hydrogen Embrittlement Evaluation Test
ASTM F 483-98	SMI Inc	Total Immersion Corrosion Test

SkyRestore		
Approval	Approved by:-	Application:-
TO 1-1-691	US Military	Cleaning and corrosion prevention. Removal of uncured sealants
STM40-500 EMAP No: G32.50 / SkyRestore Thin EMAP No: G32.501 / SkyRestore Thick	Lockheed Martin	Cleaning and corrosion prevention. Removal of uncured sealants
BAEP9053 Paragraph 4.4 BAEP 1001 Paragraph 5 BAEP 1002 Paragraph 5	Raytheon	Removal of sealants, refer to manual
OMAT manual 1/286	Rolls Royce	Sealant removal
BAC5725 D6-17487	Boeing	Stripping organic materials Requirements for paint strippers
Puma Helicopter Structures	Ministry of Defence	Permission to use on Puma Helicopter Structures
General Maintenance Topic 1B Chapter 7-00 Fuselage Structure Topic 1C Chapter 15-10	Hawk	Removal of cured sealant
AVP 2-024	BAE Systems	Removal of cured sealant on 146/RJ Aircraft
ASTM F1110 ASTM F480 ASTM F519-77	SMI	Sandwich corrosion Immersion corrosion Hydrogen Embrittlement Conforms
CSD#1	McDonnell Douglas	Removing paint from aluminium surfaces and high strength steel components
ASTM F502	SMI Inc	Effects of Cleaning materials on painted surfaces
ASTM F519-97	SMI Inc	Hydrogen Embrittlement Evaluation

SkyScrapers		
Approval	Approved by:-	Application:-
BAC5000	Boeing	White Scraper System
C/Lab 14935/05/A13	Airbus	Ultem Scraper System
BAPS 157-028 - P Spec 603	Bombardier	Ultem Scraper System - Application of Polysulfide Type Sealing Materials
Request to use Aerospace Non Mettalic Scrapers on 3HPT blades	GE Aviation	Ultem Scraper System for Cleaning blades
