SKYWIPES

300's & 100's

PRODUCT DESCRIPTION

SKYWIPES...

...comprise a plastic tub with re-sealable top containing 300's & 100's solvent free impregnated wipes. The solution used is sister product SKYWASH. SKYWIPES are classified non-hazardous therefore personal protection is not required. SKYWIPES are principally used for the removal of wet/tacky polysulphides – they are also an effective tool cleaner and can be used to remove sealant contamination safely and quickly from hands. SKYWIPES are considered to be a safe environmental alternative to MEK.
